

To enhance the quality of life within the community, the **Delmar Public Library** has developed plans for a newly renovated and constructed facility. The project will increase the size of the library from 4,980 sq. ft. to approximately 15,000 sq. ft., allowing more space for programs, collections, and technology.

### About The Capital Campaign

The amount to be raised is \$4,338,660 and will cover cost of construction and sustainability funds for operations.

#### How are we going to do this?

The Delmar Public Library Commission, Campaign Steering/Advisory Committee, and fundraising consultants, Building In The Spirit, are reaching out to various funders to meet this goal:

- ➔ **Federal and State Government**
- ➔ **Local businesses**
- ➔ **Foundations**
- ➔ **Corporations**
- ➔ **and YOU!**

## The need for expansion

The population of the Delmar area is expected to DOUBLE by the year 2026. To continue to adequately serve this area, we need to start planning now.

According to the Delaware Division of Libraries, this growth will require a facility of approximately 15,000 sq. ft.

Already we are seeing a need for **MORE SPACE:**

More space to handle the current flow of patrons,

More space to allow staff to operate more efficiently,

More space to accommodate growing youth, adult, and senior programs,

More space to allow room for community groups, larger workshops, and patron gatherings.
